Description

- **Application:** Dual cable routing in livestock construction
- **Material:** Stainless steel bracket for superior corrosion protection
- **Diameter:** 90 mm
- **Bearing:** Plain bearing (no ball bearings)
- **Wire Diameter:** Suitable for ropes up to 7 mm

Double Pulley 90 mm with Plain Bearings is tailored for use in agricultural livestock systems. The stainless steel bracket ensures excellent corrosion resistance, even in demanding barn environments.

Equipped with two separate plain-bearing pulleys—intentionally designed without ball bearings—to reduce corrosion sensitivity. A long-lasting solution for reliable cable control where conditions are harsh and continuity is key.
