Description

- **Product:** Jute tree tie
- **Width:** 45 mm
- **Length:** 50 m per roll
- **Packaging unit:** Box with 10 rolls
- **Application:** Tying trees and plants
- **Material:** Jute fibre
- **Function:** Protection and stabilization of young plants
- **Advantages:** Contains no synthetic fibres, versatile use

The **jute tree tie** is a proven solution for securing trees and plants. It protects young trees from wind and mechanical stress.

Made from natural jute fibre, the tree tie is easy to apply and provides reliable protection.

It is suitable for professional use in nurseries and horticulture.

With a width of **45 mm** and a length of **50 m**, it is versatile and ensures secure fastening of young plants.
