Description

- **Application area:** Measuring tool for easy sorting of young plants and shrubs
- **Material:** Plant-friendly plastic to prevent damage
- **Special feature:** Various openings for quick size determination
- **Packaging unit:** 100 pieces

The **Caliber** is a practical tool for quickly and easily determining the size of young plants and shrubs. Thanks to its various openings, plants can be sorted efficiently.

Made from plant-friendly plastic, it minimizes the risk of damage. It is ideal for professional use in nurseries and horticultural operations.
