Description

- **Application:** Ventilation systems in greenhouses with limited interior space
- **Material:** Galvanized steel sheet
- **Length:** 1445 mm
- **Toothing:** Curved, inside toothed
- **End piece:** Toothless for safety stop
- **Compatibility:** For pinion housing TU 11:30
- **Tooth height:** 30 mm
- **Ridder Article No.:** 416516

The **Rack 30-3 / L1445 mm – curved inside toothed** is a space-saving solution for greenhouse ventilation. The curved design prevents interference with other components, and the toothless end ensures safe operation. Supplied with run-out protection (UV=77) as standard.
