Description

- **Product:** Jute wrapping strip Q II
- **Width:** 15 cm
- **Length:** 25 m
- **Application:** Trunk protection for trees, fixation of young plants
- **Material:** Jute fibres
- **Function:** Protection against frost and wildlife browsing
- **Advantages:** Contains no synthetic fibres

The **Jute wrapping strip Q II** is suitable for protecting tree trunks from frost and wildlife browsing. It can also be used to secure young plants.

The wrapping strip is made of jute fibres and contains no synthetic fibres. Its flexible and breathable structure allows easy application and reliable protection.

A reliable solution for protecting and stabilising trees and plants.

All prices excl. VAT plus shipping costs and possible delivery charges, if not stated otherwise.
