Description

- **Application:** Receiving and guiding tube motors in twin-roll screen systems
- **Material:** Steel for high stability and durability
- **Mounting Pin:** 10 × 10 mm for secure attachment
- **Guidance:** Ball-bearing mounted for smooth movement
- **Packaging Unit:** 20 pcs

Motor Guide for Twin-Roll up Screen serves as a receiver for the tube motor’s mounting pin and transports it along the guide rail. The **ball-bearing design** ensures precise and frictionless motion.

Its robust steel construction provides long-term reliability and makes it ideal for use in demanding twin-roll screen applications.
