Description

- **Application:** Guided and controlled winding of belt webbing in side ventilation systems with drop-down curtains
- **Material:** Plastic
- **Installation:** Mounted on the drive shaft using hose clamps and a grub screw
- **Special feature:** Two-piece design allows for retrofitting
- **Suitable for:** Pipes with a diameter of 32–34 mm

The **Plastic belt reel 1"** is specifically designed for side ventilation systems with drop-down curtains. It enables guided and controlled winding of the belt webbing, ensuring reliable operation of the ventilation system.

Thanks to its two-piece design, the belt reel can also be installed retrospectively. It is secured to the drive shaft on both sides using hose clamps and additionally fixed with the supplied grub screw.

Suitable for pipes with a diameter of 32–34 mm, the plastic belt reel provides a durable and practical solution for controlling side ventilation systems in greenhouse installations.
