Description

- **Application:** Bearing support for 34 mm drive shafts in ventilation systems
- **Material:** Galvanized steel
- **Mounting height:** Bottom edge to drive shaft center: 67 mm
- **Bearing type:** Plastic ring for heavy loads and optimal sliding performance
- **Installation:** Straight mounting holes for easy fastening
- **Special features:**
    - Durable and suitable for heavy loads
    - Sliding bearing eliminates the need for lubricants

The **Fiberlane 1″ Bearing Plate** is a dependable support unit for 34 mm drive shafts in greenhouse ventilation systems. The specialized plastic bearing offers excellent durability and does away with the need for greasing.
