Description

<

- **Application:** Fastening fabric to Inox wires in suspended systems
- **Material:** High-quality plastic, UV-stabilized
- **Feature:** Integrated plastic rib for fabric alignment
- **Packaging Unit:** 100 pcs

S-Hook Type 3 – UV-stabilized is specifically designed for **attaching fabric to Inox wires** in suspended greenhouse installations. Its robust UV-stabilized plastic body ensures long-lasting resistance against environmental exposure and reliable performance.

Particularly suitable for **thin mesh fabrics**, the S-Hook features a molded-in plastic rib that acts as a fabric stop, helping maintain proper positioning and preventing displacement during operation.
