Description

- **Application:** Open, durable knitted shading fabric for greenhouses
- **Material:** Acrylic yarns for reliable moisture exchange
- **Shading Rate:** Approx.53%
- **Energy Savings:** Approx.20%
- **Width:** 325 cm

EcoScreen 15 OPEN – 325 cm is a long-lasting open knitted screen designed for effective climate moderation in greenhouse environments. The breathable construction allows consistent air exchange, even when installed without ventilation gaps.

High-grade acrylic fibers promote dependable humidity transfer, making this fabric especially suitable for laid shading systems. It offers a well-balanced combination of energy savings and daylight permeability.

Note: Price is for unprocessed fabric only. Additional charges may apply for cutting or finishing services.

Product information

Energy Saving:	20 %
Shading:	53 %
Direct Light transmission:	47 %
Flame retardant (DIN 4102 B1):	No
UV Stabilization:	5 years (climate: Central Europe)
Weight (+/- 10%):	85 g/m²
