Description

- **Application area:** Complements the diabolo roller in the stamped sheet metal housing
- **Benefit:** Improves the alignment of the push rod on the diabolo roller
- **Protection:** Prevents contact between the push rod and the screw/nut for steel pipe with the housing
- **Application:** Suitable for suspended and supported push rod systems
- **Compatibility:** For diabolo rollers with M6 axle screw

The **diabolo roller accessory** enhances the guidance and positioning of the push rod in shading systems. It protects the housing from mechanical contact and ensures smooth operation—whether used in suspended or supported configurations.

All prices excl. VAT plus shipping costs and possible delivery charges, if not stated otherwise.
