Description

- **Product:** Jute wrapping strips Q III
- **Width:** 15 cm
- **Length:** 20 m
- **Packaging unit:** Carton with 36 rolls
- **Application:** Trunk protection for trees, fixation of young plants
- **Material:** Jute fibres
- **Function:** Protection against frost and wildlife browsing
- **Advantages:** Contains no synthetic fibres

The **Jute wrapping strips Q III** are suitable for protecting tree trunks and young plants. They help prevent frost damage and provide reliable protection against wildlife browsing, while their breathable structure facilitates application.

The wrapping strips are made of jute fibres and contain no synthetic fibres. They can be reused multiple times, making them ideal for professional use in nurseries and horticultural businesses.

With a width of **15 cm** and a length of **20 m** per roll, they are flexible to use and easy to handle.
