Description

- **Application area:** Fastening of fabrics to parts of the greenhouse structure
- **Material:** Stainless steel for high corrosion resistance
- **Special feature:** Suitable for T-beams, U-purlins, and support girders
- **Packaging unit:** 1,000 pieces

The **Inox clip 3.8** enables **secure fastening** of fabrics to various parts of the greenhouse structure, such as T-beams, U-purlins, and support girders. Thanks to its high-quality stainless steel construction, it offers excellent durability and resistance to corrosion.
