

## **Overview**

## **Bolted chain coupling for** RW45 - tube

Product number: 37037100

## **Description**

- Application: Connects the chain wheel of RW45 gear motors to the drive shaft
- Tube size: 1"
- Material: Galvanized steel
- Mounting: Bolted design with pre-punched receptacle for easy installation
- Features: Duplex chain allows axial movement of the shaft for greater flexibility

The Bolted chain coupling for RW45 - 1" tube provides a flexible and secure connection between the gear motor and the drive shaft. Its bolted design simplifies installation compared to welding, and the duplex chain compensates for misalignment caused by structural movement.
