

## Overview

# EcoScreen ES17 - 4,30 m

Product number: 19001743

## Options

### Width (cm):

325

430

530

## Description

- **Application:** Closed knitted fabric shading screen for suspended or overlay greenhouse installations
- **Width:** 430 cm
- **Feature:** Aluminum threads reflect heat and sunlight to reduce roof-level overheating

**EcoScreen ES17 - 430 cm** is a reliable, cost-effective knitted climate screen designed for daily shading. Its transparent construction combined with integrated aluminum bands reflects solar radiation before it enters the greenhouse interior, supporting a cooler, more stable microclimate.

The presence of acrylic yarns improves moisture transfer—reducing condensation and supporting balanced humidity. Ideal for use in low-energy strategies and crops sensitive to thermal stress.

**Note:** Price refers to knitted fabric only. Optional cutting or finishing may incur additional charges.

## Product information

<b>Energy Saving:</b>	67 %
<b>Shading:</b>	75 %
<b>Direct Light transmission:</b>	25 %
<b>Flame retardant (DIN 4102 B1):</b>	No
<b>UV Stabilization:</b>	5 years (climate: Central Europe)
<b>Weight (+/- 10%):</b>	93 g/m <sup>2</sup>
