

Overview

Motor gearbox Ridder RW 245-37\110-115

Product number: 32035224

Description

- Application: Drive unit for ventilation, screen, and lifting systems in greenhouses and barns
- **Voltage:** 110–115 V, 1~, 50/60 Hz
- Limit switch: Patented linear limit switch system with operating and safety switches
- Switching range: Integrated linear limit switch system with a switching range of 86 turns
- Features:
 - Self-locking worm gear for secure shaft position at standstill
 - $\circ\,$ Quiet operation through optimized gear and worm combinations
 - o IP55 housing with sealed limit switch system
 - o Graphite-grey powder coating for high corrosion resistance
 - Includes mounting bolts and spring washers
- Ridder Article No.: 502351
