

Overview

Centerclip for centring shaft tube TUS 25-40- 50 pcs.

Product number: 32300101

Description

- **Application:** Centering the drive shaft when using a weld coupling
- **Material:** Stainless steel
- **Function:** Allows shaft to be unclamped without removing other pinion drives
- **Packaging unit:** 50 pieces
- **Ridder Article No.:** 418694

The **Centerclip for centring shaft tube TUS 25-40** ensures precise alignment of the drive shaft when using a weld coupling. It allows the shaft to be released without dismantling adjacent pinion drives — ideal for quick maintenance in greenhouse systems.
