

Overview

PH 66 open FP - 325 cm

Product number: 19366326

Options

Width (cm):

325

430

480

Description

Open, durable shading netting with shading value of 65 % energy saving of 20% to 30%.

Its open structure allows an optimal exchange of air in the greenhouse, even if the shading screens are being driven without ventilation gap.

Optimal moisture exchange is ensured by acrylic yarns

Particularly suitable for lay flat systems.

Note:

Further processing such as cutting and sewing is not included the price.

Product information

Energy Saving:	25 %
Shading:	65 %
Direct Light transmission:	35 %
Flame retardant (DIN 4102 B1):	Yes
UV Stabilization:	600 kLy
Weight (+/- 10%):	77 g/m ²
