Description

- **Application:** Mounting RW45 gear motors in suspended shading systems with gable drive
- **Material:** Hot-dip galvanized steel for high stability and corrosion resistance
- **Compatibility:** RW45 gear motors - square tube 50×50 mm
- **Mounting:** Direct flange connection with included bolts and nuts
- **Special feature:** No manual alignment of the drive shaft required

The **Motor Mount Set 50.50** positions the drive shaft perfectly for suspended shading systems. It simplifies installation by allowing square tubes to be directly flanged onto the mount. Built from galvanized steel, it ensures long-term durability in greenhouse environments.
