Description

- **Application area:** Binding of cords, lead tapes, and similar products into fabric panels
- **Material:** High-quality binding tape for industrial applications
- **Width:** 8 cm
- **Length:** 150 m per roll
- **Special feature:** Enables direct binding of the cord during the sewing process

The **binding tape, 8 cm wide**, is used to integrate cords, lead tapes, and similar products into existing fabric panels. The cord is guided into the loop formed during sewing using a dedicated attachment on the sewing machine.

If you would like to equip your industrial sewing machines accordingly, we are happy to offer advice and support.
