

Overview

Adapter for telescope on

Product number: 37023727

Description

- **Application:** Adapter between telescopic drive unit and 50 mm roll-up tube
- **Material:** Aluminum
- **Compatibility:** Fits with TGU telescopic unit (e.g. item 24100407)
- **Use case:** For lightweight greenhouses and side ventilation systems

The **Adapter for telescopic unit to Ø 50 mm roll-up tube** enables connection between a telescopic drive (e.g. TransAxleUnit) and a 50 mm roll-up tube. Ideal for lightweight greenhouse structures such as foil tunnels. Made of durable aluminum and easy to install.
