

## **Overview**

## Adapter for telescope on

**Product number:** 37023727

## **Description**

- Application: Adapter between telescopic drive unit and 50 mm roll-up tube
- Material: Aluminum
- Compatibility: Fits with TGU telescopic unit (e.g. item 24100407)
- Use case: For lightweight greenhouses and side ventilation systems

The **Adapter for telescopic unit to \emptyset 50 mm roll-up tube** enables connection between a telescopic drive (e.g. TransAxleUnit) and a 50 mm roll-up tube. Ideal for lightweight greenhouse structures such as foil tunnels. Made of durable aluminum and easy to install.
