Box

Version:

Ball bearing

Plain bearing

Description

Due to the extra wide plain bearing, the 90 mm pulley is guided particularly safely on the axle and has a high stability under shear loads.

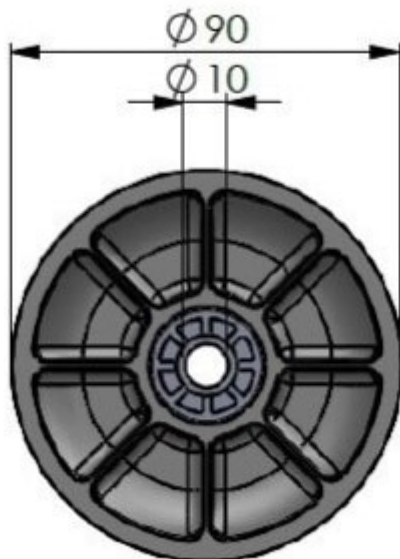

Together with the plain bearing, the pulley is made of 100 % plastic and is therefore completely protected against corrosion and other environmental influences.

Created at 19.05.2024.

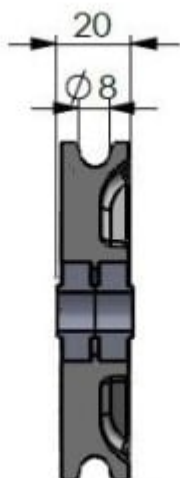

* Our offers are directed exclusively to companies. We do not conclude contracts with consumers. All prices excl. VAT plus shipping costs and possible delivery charges, if not stated otherwise.
