Description

- **Application:** Deflection pulley for wire ropes in shading and ventilation systems, as well as other technical applications
- **Material:** Impact-resistant plastic with hot-dip galvanized steel bracket
- **Roller Diameter:** 90 mm
- **Axle Mounting:** M8 x 80 mm threaded screw
- **Bearing:** Dust-protected deep-groove ball bearing
- **Load Capacity:** Max. 100 kg
- **Suitable for:** Wire ropes up to 7 mm
- **Packaging Unit:** 25 pcs

Pulley 90 with Threaded Screw M8 x 80 is a rugged ball-bearing pulley designed for wire ropes up to 7 mm in diameter. Whether used in greenhouse shading and ventilation systems or in stage setups, gym equipment, or garage doors—it delivers dependable performance under load.

The combination of tough plastic and a galvanized steel bracket ensures a long service life and resilience even in demanding environments. A solid choice for anyone looking to keep systems running smoothly under tension.
