

Overview

Pulley 40 (TGU) with splint bracket

Product number: 01500300-1

Options

PU (Pcs)

1

100

Description

This plastic pulley has a split bracket for attachment to already strained cables. In this case the pulley functions as a guiding roller. Being turned around the pulley can be suspended with the included S-hook. In this position the pulley can divert cables.

Made of high impact resistant plastic
Diameter 40 mm

Created at 19.05.2024.

* Our offers are directed exclusively to companies. We do not conclude contracts with consumers. All prices excl. VAT plus shipping costs and possible delivery charges, if not stated otherwise.
