

Overview

EcoScreen ES10 - 4,30 m

Product number: 19001043

Options

Width (cm):

 325 430 530

Description

- **Application:** Budget-friendly closed knitted fabric for greenhouse shade screens
- **Material:** Transparent synthetic yarns with acrylic content
- **Width:** 430 cm
- **Feature:** Aims to stabilize humidity while ensuring thermal savings

EcoScreen ES10 - 430 cm brings shading performance and climate balance into a wider format. Used as a daytime screen, it helps limit energy losses by blocking thermal escape during colder periods—without compromising on light diffusion or ambient stability.

Its design is well-suited for overlay and suspended configurations, particularly in professional greenhouse environments where wide-span coverage is required on a budget.

Note: Price refers to the material only. Processing services may be billed separately.

Product information

Energy Saving:	48 %
Shading:	21 %
Direct Light transmission:	79 %
Flame retardant (DIN 4102 B1):	No
UV Stabilization:	5 years (climate: Central Europe)
Weight (+/- 10%):	83 g/m ²
