Description

- **Application:** Fixed connection between drive wire rope and screen profile in shading systems
- **Material:** Aluminum
- **Installation:** Wire is securely clamped in place during installation
- **Packaging Unit:** 250 pieces

The **Profile Clamp 40.3 mm** creates a strong and reliable connection between the drive cable and the screen profile in greenhouse shading systems. The cable is fixed firmly during installation to ensure consistent functionality.

Crafted from corrosion-resistant aluminum, it's a dependable solution for long-term use in demanding environments.
