Description

- **Application:** Exterior shading for greenhouses and open structures
- **Width:** 325 cm
- **Length:** 200 m
- **Weight:** 130 g/m²
- **Shading Rate:** Approx. 65%
- **Features:**
 - Aluminum-laced knitted surface reflects solar radiation
 - Open structure ensures effective air exchange and climate control

EcoScreen ES60 outdoor open - 325 cm is a climate-smart knitted fabric that combines thermal regulation and shading efficiency. It reflects excessive sunlight while permitting cross-ventilation to prevent heat buildup—ideal for energy-conscious growers and outdoor shading projects.

Note: Price shown is for the base material. Customization options may be quoted separately.
