# Clima+ 65 - 5,25m

Product number: 19965530

#### **Options**

#### Width (cm):

430

525

## **Description**

• Application: Shading systems for greenhouses • Material: White, transparent-diffuse fabric

• Width: 525 cm

• Shading Rate: Approx. 65% • Light Transmission: Approx. 35% • Energy Savings: Approx. 47%

• UV Stability: 600 kLy

Clima+ 65 - 525 cm is a premium-grade interior shading fabric for greenhouse installations. Its diffuse, transparent white weave delivers a refined balance between solar shading and light penetration, supporting healthy

Fiberlane LLC - 9254 Richmond Road - 18013 Bangor, PA

plant development in a controlled climate.

The UV-stabilized finish guarantees longevity in high-radiation environments, while the open optical structure ensures uniform light dispersion across cultivation zones. A strong choice for growers seeking consistent indoor lighting and temperature moderation without compromising airflow.

**Note:** Price applies to material only. Fabrication services (e.g. cutting, hemming) may incur additional costs.

### **Product information**

Energy Saving:	47 %
Shading:	65 %
Direct Light transmission:	35 %
Flame retardant (DIN 4102 B1):	No
UV Stabilization:	600 kLy
Weight (+/- 10%):	93 g/m²
