

## Overview

# Clima+ 65 - 5,25m

**Product number:** 19965530

### Options

#### Width (cm):

430

525

## Description

- **Application:** Shading systems for greenhouses
- **Material:** White, transparent-diffuse fabric
- **Width:** 525 cm
- **Shading Rate:** Approx. 65%
- **Light Transmission:** Approx. 35%
- **Energy Savings:** Approx. 47%
- **UV Stability:** 600 kLy

**Clima+ 65 - 525 cm** is a premium-grade interior shading fabric for greenhouse installations. Its diffuse, transparent white weave delivers a refined balance between solar shading and light penetration, supporting healthy plant development in a controlled climate.

The UV-stabilized finish guarantees longevity in high-radiation environments, while the open optical structure ensures uniform light dispersion across cultivation zones. A strong choice for growers seeking consistent indoor lighting and temperature moderation without compromising airflow.

**Note:** Price applies to material only. Fabrication services (e.g. cutting, hemming) may incur additional costs.

## Product information

<b>Energy Saving:</b>	47 %
<b>Shading:</b>	65 %
<b>Direct Light transmission:</b>	35 %
<b>Flame retardant (DIN 4102 B1):</b>	No
<b>UV Stabilization:</b>	600 kLy
<b>Weight (+/- 10%):</b>	93 g/m <sup>2</sup>
