

Overview

Square gearbox SH40-40\1\WB50 - for roll up tubes - Ridder Art.-Nr. 513000

Product number: 33100060

Description

- **Application:** 90° gear connection between roll-up tubes in greenhouse systems
- **Material:** High-quality crown gear for slip-free torque transmission
- **Mounting:** Designed for SH 40 roll-up tubes
- **Function:** Transfers rotational movement at a right angle
- **Ridder Article No.:** 513000

The **Square gearbox SH40-40/1/WB50** connects roll-up tubes at a 90° angle. Its precision crown gear ensures slip-free torque transfer, making it ideal for greenhouse side ventilation systems using SH 40 tubes.
