

## Overview

# Adaptor - Tube 27 x 1,5

Product number: 24100405

## Description

- **Application:** Connector in telescopic systems – between universal joint and steel pipe
- **Compatibility:** Suitable for 27 mm pipes with 1.5 mm wall thickness
- **Material:** Galvanized steel – robust and corrosion-resistant
- **Special feature:** Enables a backlash-free, force-locking connection

The **Adapter Pipe 27 × 1.5** is a versatile connector used in telescopic systems for greenhouse installations. It serves as a reliable transition between universal joints and steel pipes, offering a secure, backlash-free fit. Its galvanized steel build ensures long-lasting, low-maintenance performance in demanding environments.
