

Overview

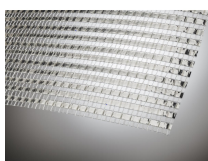

PH 55 open FP - 480cm

Product number: 19355328

Options

Width (cm):

Description

Open, durable shading netting with shading value of 53, 64 or 76% energy saving of 20%.

Its open structure allows an optimal exchange of air in the greenhouse, even if the shading screens are being driven without ventilation gap.

Optimal moisture exchange is ensured by acrylic yarns

Particularly suitable for lay flat systems.

Product information

Energy Saving:	20 %
Shading:	55 %
Direct Light transmission:	45 %
Flame retardant (DIN 4102 B1):	No
UV Stabilization:	600 kLy
Weight (+/- 10%):	65 g/m ²
