Description

- **Application:** Professional tool for stapling fabric loops in shading systems
- **Material:** Sturdy metal construction for long-lasting use
- **Staple Type:** 53.6
- **Highlight:** Special Bostitch staples minimize fabric damage

The **Bostitch Stapling Pliers for 53.6 Staples** are a heavy-duty professional tool designed specifically for attaching fabric loops in greenhouse shading systems. The shading fabric is laid over tensioned wires and fastened securely with these pliers.

By using specially designed Bostitch staples, fabric damage is significantly reduced, helping extend the longevity of the shading material.

Compatible staples are available separately.
