Description

Due to the extra wide plain bearing, the 52 mm pulley is guided particularly safely on the axle and has a high stability under shear loads.

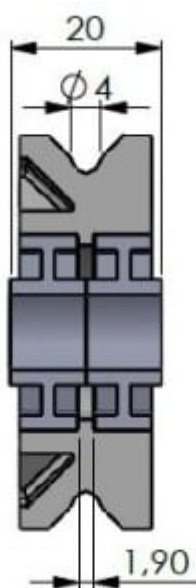

Together with the plain bearing, the pulley is made of 100 % plastic and is therefore completely protected against corrosion and other environmental influences.

- Impact resistant pulley
- Plain bearing inserts
- Load capacity: up to 150 kg
- Made in Germany

- Outer diameter: 52 mm
- compatible with 10 mm bolt

- Total width: 20 mm
- Rope diameter: up to Ø 4 mm
