Description

- **Application:** Gentle fabric fastening on 19 mm steel and aluminum tubes in shading systems
- **Material:** Plastic - protects fabric from damage
- **Tube Diameter:** 19 mm
- **Installation:** Simple clip-on - tool-free
- **Packaging Unit:** 2,000 pcs
- **Features:**
 - Much gentler than metal clamps
 - Ideal for laid-on and suspended shading systems
 - Easy handling during installation and removal

Tube Clip 19 mm offers a proven solution for attaching shading fabric to 19 mm tubes in greenhouse systems. Its plastic body prevents damage to the fabric—unlike conventional metal clamps. The clip snaps onto the tube securely and protects the material while ensuring firm hold. Perfect for long-lasting, low-maintenance shading systems under high load.
