- **Application:** Quick and easy mounting of Inox wire in suspended shading systems
- **Material:** Galvanized steel
- **Installation:** Adjustable left and right after mounting
- **Special feature:** Designed specifically for suspended systems
- **Note:** Requires M6×65 bolt (not included)

The **Wire Tightener 50.50 with Complete Winding** is designed for fast and secure installation of Inox wire in suspended shading systems. Its geometry provides optimal mounting position for this application. Once installed, the tightener can be adjusted laterally. It is also suitable for other use cases where wire or cable tensioning is required.
