Description

- **Application:** Engineered for securing shading fabric in greenhouse systems
- **Material:** Premium metal staples for strong and durable fastening
- **Highlight:** Optimized shape reduces fabric damage during stapling
- **Packaging Unit:** 5000 pieces

The **Bostitch Staples Type STCR2115** are specially developed for attaching shading fabrics in greenhouse environments. Their refined design helps prevent material damage typically caused by stapling.

These high-grade metal staples ensure a secure, long-lasting hold—significantly enhancing the durability and performance of your shading system.
