Description

- **Application:** Affordable knitted shading fabric for laid and suspended screen systems
- **Material:** Lightweight textile supporting efficient air movement
- **Width:** 3.25 m
- **Use Case:** Designed for use as a shading screen

EcoScreen FR55F white open - 3.25 m is a cost-effective knitted fabric specifically developed for both suspended and overlay greenhouse shading systems. It's ideal as a movable shading screen that contributes to managing light levels and interior temperature while maintaining a low weight and easy installation.

Note: Price refers to base material only. Additional customization or sewing services may incur extra charges.
