

Overview

Hose Clip 50-70mm

Product number: 22000123

Options

PU (Pcs)

Description

- **Application:** Hose fastening for diverse industrial and commercial uses
- **Material:** Galvanized steel for high corrosion resistance
- **Clamping Range:** 50-70 mm
- **Width:** 9 mm
- **Packaging Unit:** 1000 pcs
- **Feature:** Robust and reliable fastening performance

Clamp HC-W2 offers a dependable solution for securing hoses within the **50-70 mm diameter range**. Manufactured from corrosion-resistant **galvanized steel**, it ensures long-term durability in demanding environments.

With a band width of 9 mm, the clamp provides a firm grip that's well-suited for both industrial and professional setups. Its bulk packaging makes it ideal for large-scale operations requiring consistent and secure hose installation.
