## Description

- **Application:** Bearing support for 34 mm drive shafts in ventilation systems
- **Material:** Galvanized steel
- **Mounting height:** Bottom edge to drive shaft center: 72 mm
- **Bearing type:** Plastic ring for heavy loads and optimal sliding performance
- **Installation:** Straight mounting holes for easy fastening
- **Special features:**
  - Durable and suitable for heavy loads
  - Sliding bearing eliminates the need for lubricants

The **Fiberlane 1" Bearing Plate** offers reliable shaft support for 34 mm drive shafts in ventilation setups. Its advanced plastic ring ensures long-term resistance to wear and completely replaces conventional lubrication.
