

## **Overview**

## **Bolted chain coupling for** RW45 - tube

Product number: 37037125

## **Description**

- Application: Connects the chain wheel of RW45 gear motors to the drive shaft
- Tube size: 11/4"
- Material: Galvanized steel
- Mounting: Bolted design with pre-punched receptacle for easy installation
- Features: Duplex chain allows axial movement of the shaft for greater flexibility

The Bolted chain coupling for RW45 - 11/4" tube is used to connect Ridder RW45 gear motors to larger drive shafts. It offers the same easy installation and flexibility as the 1'' version, with a larger bore for  $1''_4$  tubing. Ideal for dynamic greenhouse environments.
