Description

- **Application:** Connecting support wires to 19 mm aluminum tubes in shading systems
- **Material:** High-quality plastic for long-term durability
- **Feature:** Elevated spacing for improved sealing in certain greenhouse types
- **Packaging Unit:** 100 pcs

Lead edge tube clip L 19 is designed for reliably **connecting support wires** with **19 mm aluminum tubes** in greenhouse shading installations. Its robust construction ensures stable mounting and long service life in demanding environments.

Thanks to its **elevated geometry**, the slider enhances sealing performance on specific greenhouse types—particularly useful for **closed energy curtain systems** where tight construction and insulation are critical.
