

Overview

PhormiTex Super - 3,25 m

Product number: 19701325

Options

Width (cm):

Description

- **Application:** Energy-saving screen for indoor greenhouse installations
- **Material:** Woven fabric made of HDPE/Modacryl
- **Width:** 325 cm
- **Shading:** 15%
- **Light transmission:** 85%
- **Energy saving:** 47%
- **Fire rating:** Flame-retardant according to DIN 4102 B1

PhormiTex Super is a diffuse energy-saving screen designed for indoor greenhouse applications. With 15% shading and 85% light transmission, it is ideal for light-demanding crops while still providing significant energy savings.

The HDPE/Modacryl structure ensures durability, stable moisture exchange and long-term performance. The DIN 4102 B1 classification confirms its flame-retardant properties.

Note: The price refers to material only; additional confectioning costs may apply.

Product information

Energy Saving:	47 %
Shading:	15 %
Direct Light transmission:	85 %
Flame retardant (DIN 4102 B1):	Yes
UV Stabilization:	600 kLy
Weight (+/- 10%):	73 g/m ²
