Description

- **Application:** Suitable for central drives in suspended and laid-out shading systems
- **Material:** High-quality plastic for long-term durability
- **Function:** Forms the bearing support for the drive shaft and ensures precise alignment
- **Feature:** Extended version for 34 mm pipes
- **Packing unit:** 20 pieces

The **4 Bearing Shaft Support 1″ Extended** is specially designed for central drives and positions the shaft precisely within greenhouse systems. The plastic construction provides robust and lasting performance, ideal for long-term use.

All prices excl. VAT plus shipping costs and possible delivery charges, if not stated otherwise.
