Shading Rate: Approx. 65%Energy Savings: Approx. 63%

• Feature: Integrated bands allow direct attachment with S-hooks

PH 66B FP - 430 cm is a closed energy screen fabric providing a shading effect of 65% and energy savings of 63%. It supports humidity regulation through interwoven acrylic yarns and contributes to balanced climate conditions in the greenhouse.

The integrated bands allow simple and direct S-hook installation. It is also available with pre-attached hooks upon request.

Note: Price applies to base fabric only. Additional costs may occur for cutting or tailoring services.
