FFS 4/2 alu-grey - 450 cm provides wide-format coverage while retaining the same climate-regulating capabilities as the narrower model. It reflects solar radiation and absorbs humidity to support consistent conditions in professional horticultural environments.

Available in a selection of color variations, the fabric is ready-to-install using S-hooks and requires no trimming—ideal for efficient deployment across large spans.

Note: Price reflects material only. Optional fabrication services may result in additional costs.
