Description

- **Application:** Glide insert for push-pipe guides in greenhouse installations
- **Material:** Plastic
- **Function:** Enables smooth pipe movement and replaces lubricants
- **Feature:** Prevents greenhouse contamination by avoiding grease or oil
- **Packaging Unit:** 100 pcs

Grommet 8.8 functions as a **gliding element** between two interconnected pipes in greenhouse systems. By facilitating smooth movement without the use of lubricants, it prevents dirt accumulation and contamination inside growing environments.
