Description

- **Application:** Greenhouse shading fabric for thermal regulation
- **Material:** Acrylic and aluminum fibers
- **Shading Rate:** Approx. 75%
- **Width:** 450 cm
- **Available Colors:** Alu-white, alu-yellow, alu-grey, alu-green, alu-orange
- **Mounting:** Can be suspended directly with S-hooks - no pre-finishing required
- **Features:**
 - Reflects solar radiation to reduce heat gain
 - Absorbs humidity to improve air quality inside the greenhouse
 - Made in Germany

FFS 4/2 alu-white - 450 cm offers wide-format coverage for professional growers needing higher shade intensity. Engineered with the same high-performance materials as the 350 cm version, it effectively balances temperature control and light diffusion across larger surface areas.

Note: Pricing applies to unprocessed fabric only. Optional processing costs may apply.
