Description

- **Application:** Connects the chain wheel of the RW 45 gearbox to the drive shaft
- **Material:** Galvanized steel
- **Design:** Welded to the shaft - duplex chain for inline movement
- **Benefit:** Increases flexibility of the drive system under dynamic loads and structural movement
- **Ridder Article No.:** 590003

The **Chain Coupling for RW 45 – Tube Ø 5/4″** is designed for slightly larger shaft diameters and offers the same flexibility and durability as the 1″ version. It is ideal for robust greenhouse drive systems requiring high torque transmission.
